

**MAINLINE®**

# Push Connect® Accessories

## Product Specifications

Mainline® Push Connect® plumbing fittings eliminate the mess and extra work of having to use glues or solder to connect copper, PEX tubing, and CPVC.

### PEX TUBE STIFFENERS

- When using PEX, a tube stiffener should be inserted into the PEX tubing end prior to insertion into the Push Connect® fitting.
- While many fittings are offered with pre-inserted stiffeners, these accessories may be used with Push Connect® fittings lacking pre-inserted stiffeners.
