

MAINLINE

WARRANTY AND CARE

1-Year Warranty

Mainline® rotomolded coolers are warranted to be free from manufacturer's defects in material or workmanship under normal use and service for one year from the date of original purchase. This warranty is an exclusive warranty and there are no warranties that extend beyond the description warranted here.

If warranty applies, Mainline® shall either repair the product or component or provide you with a replacement product or component if it provides defective under the terms of this warranty within one year of the original purchaser. The warranty is not transferable. Owner must present original proof of purchase to obtain warranty service. Dealers, service centers or retail stores do not have the right to change the terms and conditions of the warranty. This warranty is not valid if the product or components have been: **(1)** used commercially, **(2)** damaged through abuse, misuse or neglect, **(3)** damaged in an accident, **(4)** unreasonably used or used for any purpose for which it was not intended, **(5)** repaired or altered in any way from its original configuration, **(6)** damaged due to any act of nature. Normal wear and tear, including dents, slight warping, scratches, discoloration, fading, non-sticking graphics or wear to skid pads is not covered under this warranty.

Loss of parts or components removed from the product is not covered under the terms of this warranty.

Mainline® is not responsible for incidental or consequential damage resulting from any malfunction.

Mainline® reserves the right to change products and designs without incurring any obligations to incorporate such changes into already completed products, or those in the possession of dealers or consumers. Coolers repaired or replaced under this warranty may or may not incorporate these changes. Please carefully review the care instructions in enclosed for proper use and care of your Mainline® cooler.

Damaged products must be returned directly to Mainline®, in its original box or adequate packaging, freight prepaid at customer's expense. Please include a copy of original sales receipt and the return authorization number with the product. To register your Mainline® cooler warranty, or obtain a Return Authorization number, visit www.MainlineCollection.com for complete instructions.

Caring for your Cooler:

Since it is designed to handle food, it's important to keep your Mainline® cooler clean. For first time use, clean with warm water and dish soap. For higher cleaning needs, mix water and bleach in a 6 to 1 ratio for cleaning (use rubber gloves). Be sure to clean the entire inside gasket area and rim. Also clean the threads by the drain area (a toothbrush is helpful for this). Make sure cooler is completely dry before storing in a cool place out of the sun.

Work Hard. Play Hard.
